*Validator stacker capacity is based on the size of a USA banknote which measures in inches 6.14" L x .0043"H x 2.61"W and measures in millimeters 155.9 L x 0.10 H x 66.2 W. The weight of the banknote is 1 gram. American Changer may unilaterally and at its sole discretion determine the brand of validator provided.

** Hopper capacities are based on coins the size of a 2014 USA Quarter (measuring 0.955" or 1.75mm, weighing 0.182 Troy ounces or 5.670 grams) or the USA \$1 coin (measuring 1.043" or 26.5 mm, weighing 0.260 Troy ounces or 8.100 grams). Hopper capacities may be increased or reduced using different sizes of coins.

*** Dimensions and weights are reasonably close estimates measured by American Changer prior to packaging Product for shipment. Stated estimated dimensions and weights reflect only base Products without regard to added options.

Additional options may be available. All options and/or customized features are an additional cost over the base price of the Product.

Products and/or services supplied by American Changer are not 100% secure. All Products and services are to be used in accordance with business best practices and the owner's or operator's best judgment.

Specifications stated herein may vary without notice. Capacities are approximations and may vary.

Installation, use, service, and maintenance must be performed in accordance with applicable Product manuals provided by American Changer and comply with any and all pertinent laws and regulations.
