ACCESSORIES

Belt Drive

Cat Pumps offers a wide range of quality accessories. Adhering to the same exacting standards as our pumps, all accessories are performance-tested and designed to match each pump's unique specifications. By demanding Cat Pumps products, you receive the best value and lowest life-cost over the life of the system.

To ensure the very best system life-cycle, Cat Pumps offers rail and direct mount assemblies, complete mounting assemblies, clutches, keys, belts, hubs and hubs/key assemblies, pulleys and pulley/hub/key assemblies, lubricants/oilers and shaft/oil cap protectors to meet your belt drive installation needs. Whatever the need, Cat Pumps has a selection of proven drive accessories to compliment your pump investment.

Be the best-in class and realize low life cycle costs — $\,$

Choose pumps and accessories from Cat Pumps!

Rail, Direct Mount and Complete Mounting Assemblies

Hubs and Hub/Key Assembly

Mount pump onto a secure, horizontal base with either rail assemblies or direct mount assemblies.

- Rail assembly, direct mount assembly or complete mounting assembly not included with pump unless otherwise noted.
- Use direct mount assembly when mounting block or flat base is used or pulley hanges over base edge.

Metric sized hubs to match metric shaft diameter of pump.

- Contact Cat Pumps for available hubs for motor shafts.
- Metric sized hub with matching metric key for pump shaft only.

Clutches

Reduces amount of time pump is running, saving energy and increasing pump life.

• Broad range of clutches up to 100 ft-lbs torque for high performance.

Pulleys and Pulley/Hub w/Key

A combination one piece pulley and hub construction for pump shaft installation.

 Contact Cat Pumps for available pulley sizes for either pump or motor side.

Belts

Contact Cat Pumps about our belt selection: AX, BX, SPB, 3VX, 5VX and Gearbelts.

Lubricants/Oilers

Crankcase oil, anti-seize and sealant products to ensure proper operation and lubricaton of pump.

- · Custom blend, premium grade, petroleumbased hydraulic oil for all Cat Pumps.
- · Anti-seize products to prevent galling, seizing, friction and wear.
- Sealant products to extend pump seal and o-rings life.

Protectors -**Shaft and Oil Cap** Safety devices to eliminate exposure to rotating pump shaft and to

- minimize water leakage into pump. • Shaft protector not included with pump unless otherwise noted.
- Oil cap protector not included with pump except 35/38 series pumps.

Total Life Cycle Cost:

More and more users of pumping systems are making purchase decisions based on a systems Total Life Cycle Cost and not based on the systems initial cost. Pump, installation, energy use, downtime, operating expense and maintenance are all factors considered to determine a systems overall life cycle cost. The objective of life cycle costing is to evaluate and optimize product life costs yet satisfying the performance, safety, reliability, and maintainability of the system.

Cat Pumps is keenly aware of minimizing life cycle costs in both its pump and accessory component designs. A pumping systems ongoing performance is as good as its weakest component, that's why we rigorously test and evaluate our accessory components. Our mission is to provide the best system value by providing pumps and accessories that exceed your performance and reliability expectations so you can realize the lowest possible life cycle cost.
