

EverWash
CAR CLUB

ADD MORE REVENUE THROUGH MONTHLY MEMBERSHIP SALES WITH EVERWASH

EverWash is a marketing company with a unique membership solution for all car washes

Are you interested in membership, but unwilling to spend thousands on an RFID system for your wash? Do you already have a membership program, but struggle to keep up with all of the member accounts, sales and billing? Have you bought in to the idea of membership, but haven't wanted to deal with the headaches you've heard come along with it?

If any of this sounds familiar, there is a solution out there for you: EverWash.

EverWash allows car wash operators to focus on doing what they do best: cleaning cars. This leaves EverWash to focus on attracting new customers, selling memberships, and strengthening customer relationships.

How Does EverWash Work?

Studies show that monthly members are more profitable than the average pay-as-you-go car wash customer, so when it comes to increasing revenues, nothing in the industry comes close to moving the needle like a successful monthly membership program. Rather than having to start each day at zero and chase each dollar, EverWash helps car wash operators create a new revenue stream through monthly recurring revenue, regardless of customer usage year-round, rain or shine.

EverWash is a free-to-use, app-based service that offers users a unique, easy and personalized way to find your car wash, learn about its membership options and easily purchase an unlimited wash plan from the convenience of their smartphone.

While other monthly membership solutions are only able to reach the consumer and sell memberships in the few short minutes that a customer is physically at the car wash, the EverWash app allows customers to quickly and easily become a monthly paying member at any time and from anywhere. These members help generate a predictable and sizeable revenue stream that operators can grow their business around.

However, membership is only part of the EverWash solution.

“ Their app makes it so easy to sell monthly memberships.... Which really improves our bottom line. ”
- KC Fordham, KC's Car Wash

More Than Membership

It takes more than just software to run a successful membership program. Ultimately, EverWash is a marketing company that brings various membership solutions to the table for all types of car washes.

Our sales and marketing team are a resource to our wash partners, providing valuable assistance in outreach marketing, brand consulting, signage, email marketing, social media, web design, and more. The app even features a built-in “Invite a Friend” feature that encourages users to refer contacts to membership at a wash, helping them discover a better, more convenient way to wash their car.

“ We love EverWash and their app. They handle everything; the marketing, member sign-ups, billing, collections... and they pay us! It's that simple. ”
- Dino Nicoletta, Asbury Circle Car Wash

EverWash also issues regular updates to their app and dashboard to ensure that car wash owners and attendants have new tools at their disposal when building membership and engaging with new customers.

Completely Free to Join

EverWash only earns commission based on the additional revenue stream we generate from membership sales. There is no need for pricey RFID equipment, POS systems or intrusive set-ups — EverWash handles all of your membership accounts in-house so you don't have to. This structure keeps EverWash highly motivated and focused on swiftly and seamlessly turning occasional-use customers into more lucrative, loyal members. Ultimately, EverWash shares a common, deeply aligned goal with its partner washes: to grow car wash revenue through increased membership sales and to keep members around for a long time.

Who is Behind EverWash?

EverWash was founded by John Cassady and Scott Caplan — two Philadelphia-based entrepreneurs who revolutionized the health and fitness industry by introducing membership sales and subscription management services to gyms and health clubs nationally. After exiting their respective companies, the duo started EverWash upon realizing that car washes offering monthly memberships could benefit from a more effective and practical way of onboarding and managing new members.

Today, Everwash is made up of a dedicated team of subscription management & membership enrollment pioneers, third generation car wash operators and membership sales & marketing specialists working together with you and your attendants to help grow your revenues.

Why Choose EverWash?

Here are just a few reasons why you should choose EverWash to power your monthly membership program:

- Works with or without a POS system and with most any automated pay station
- No expensive RFID system, monthly maintenance or POS upgrade fees
- 100% free to use, EverWash earns commission based on the additional revenue from membership sales
- World-class member support, signage, email marketing, social media, web design, and more from our sales and marketing team
- True mobile platform allows consumers to sign-up, refer friends and manage their membership 24/7 from their smartphone
- Guaranteed to increase customer base, wash volume and profits

“ Thanks to EverWash, our monthly revenues continue to grow each and every month, even doubled in some months. They’ve really revolutionized how we sell and manage monthlies; a seamless, effortless and substantial increase in business. ”

- Terrence Byrne, Rockaway Car Wash

Why Have Customers When You Can Have Members?

EverWash is committed to bringing innovations and efficiencies to the table, and positioning itself to lead the membership revolution in the car wash industry rather than react to it. Learn more about how EverWash can help double your car washes profits by visiting morewashprofits.com or calling (855) 492-7477.

YOUR ANSWER IS CUSTOM AIR FRESHENERS

Kleen-Rite is now able to offer our customers the ability to purchase customized air fresheners with their own logos and artwork via their Kleen-Rite account!

The custom air fresheners are currently available in seven shapes and 18 different fragrances. Each air freshener comes with full color printing on both sides, strung with white elastic and is packaged in clear wrappers (not carded).

WHY CUSTOM AIR FRESHENERS?

Selling or giving away custom air fresheners is an excellent way to advertise and promote your business at a minimal cost.

HOW DO I ORDER? IT'S SIMPLE!

Select a shape

We have 7 options to choose from!

Determine your quantity -

the more you buy, the less each unit will cost.

Pick your fragrance!

*NOTE: YOU CAN PICK 1 FRAGRANCE PER 1,000 AIR FRESHENERS ORDERED.

Select your artwork!

*NOTE: NOMINAL SET UP AND ARTWORK FEES MAY APPLY BASED ON QUANTITY ORDERED. ALL ARTWORK MUST BE SIGNED OFF ON PRIOR TO PO BEING SUBMITTED FOR PRODUCTION.

“ I like tiny advertisements hanging from vehicles’ rear-view mirrors all over town. Considering that I’m a brand new car wash, this is important to me.
- TRENT RICHARDS, Peachy Kleen Car Wash

“ We love the air fresheners that we purchased. Our colored logo looks great on the air freshener and they smell great! Customers like free items and it’s a great way to market all of our locations!
- KATY SHAFFER, All Shined Up Car Wash

SELF-SERVE PRESSURE MONITORING SENSOR

SENSOR DYNAMIX

One of Sensor Dynamix's most popular sensors is their Self-Serve Pressure unit. This device remotely monitors self-serve high-pressure cycles in real time to increase efficiencies and check for malfunctions. Instant notifications for virtually all malfunctions or failures, which helps recapture lost revenue with drastically decreased response times.

FEATURES:

- Manage device and view all data through the SD Live app
- 1/4" NPT Pressure transmitter
- Power: 110V AC wall outlet
- 6ft power cable
- 24V AC coil (different voltages available with special order)
- 3' coil wiring
- WiFi connectivity
- Waterproof
- High accuracy
- Small, compact design
- Simple installation

\$399.00 PSA

Monthly fee required.

SELF-SERVE REVENUE MONITORING SENSOR SENSOR DYNAMIX

Monitors revenue in real-time! This includes all customer transactions: credit cards, cash, coin, and any other revenue sources.

FEATURES:

- Manage device and view all data through the SD Live app
- 24V AC coin system required
- Includes 24V AC to 5V DC power supply for sensor
- WiFi connectivity (includes external mounted antenna)
- Waterproof
- High accuracy
- Small, compact design
- Simple installation

\$149.00 RSA

Monthly fee required.

Register at www.SensorDynamix.com/Registration/Kleen-Rite when placing order.

AIR TEMPERATURE MONITORING SENSOR SENSOR DYNAMIX

One of our most efficient sensors monitors any air temperature in real time to increase efficiencies or check for malfunctions.

FEATURES:

- Manage device and view all data through the SD Live app
- Power: 110V AC wall outlet
- 6' power cable
- WiFi connectivity
- Waterproof
- High accuracy
- Small, compact design
- Simple installation

\$179.00 TAA

Monthly fee required.

LIQUID TEMPERATURE MONITORING SENSOR SENSOR DYNAMIX

Most popular utilizations include floor heat systems and constant water boilers. Allow for instant notifications for any circumstance.

FEATURES:

- Manage device and view all data through the SD Live app
- Power: 110V AC wall outlet
- 1/2" NPT
- 6' power cable
- WiFi connectivity
- Waterproof
- High accuracy
- Small, compact design
- Simple installation

\$179.00 TLA

Monthly fee required.

Register at www.SensorDynamix.com/Registration/Kleen-Rite when placing order.

INTERNAL LIQUID LEVEL MONITORING SENSOR SENSOR DYNAMIX

Sensor unit that monitors liquid levels in applications like raw chemicals and spot-free rinse tanks.

FEATURES:

- Manage device and view all data through the SD Live app
- Customizable for any liquid material compatibility
- Power: 110V AC wall outlet
- 4' power cable
- WiFi connectivity
- Waterproof
- High accuracy
- Small, compact design
- Simple installation

\$449.00 LIA

EXTERNAL LIQUID LEVEL MONITORING SENSOR SENSOR DYNAMIX

Sensor unit that monitors liquid levels in applications like rinse water and chemical mixing reservoirs.

FEATURES:

- Manage device and view all data through the SD Live app
- Customizable for any liquid material compatibility
- Power: 110V AC wall outlet
- 4' power cable
- WiFi connectivity
- Waterproof
- High accuracy
- Small, compact design
- Simple installation

\$449.00 LEA

Monthly fee required. Register at www.SensorDynamix.com/Registration/Kleen-Rite when placing order.

NEW IN CHEMICALS

FOAMING BRUSH POWER CONCENTRATE JBS

- Highly concentrated self serve formula
- Great foam and lubricity
- Cleans cars quickly and easily
- Smells like summery island punch
- Dilute at a recommended ratio of 240-300/1

\$125.81 JBCFB-OR

STANDARD METERING TIPS HYDRA-FLEX INC

- Set of 14 standard, screw in chemical metering tips to proportion the correct chemical mix ratios in combination with NPT or PC1, PC2, and PC3 Chem-Flex Standard -SST and All-Composite Injectors
- Crosses to Sonny's Part #40011493

\$15.50 IN1000643
