#### DID YOU KNOW...

YOU HAVE HAD 61 YEARS TO GET TO KNOW WHY LAUREL MEANS "DEPENDABILITY IN VENDING" and is the first choice when purchasing car wash vending equipment for your wash.

Laurel began operation in a similar way to that of many companies in the car wash field. In 1959, Rich Kent incorporated a company that had its beginning in the basement of a house on Laurel Avenue in Wilmette, IL. The early work at Laurel involved the production of many different types of metal products and the continuing development of equipment to vend a wide array of consumer products.

## ORIGINAL SHAMMY TOWELS

Chances are that few do. Take advantage of this great money making opportunity by stocking your vending machines with the Original Shammy! The Original Shammy is a unique, reusable and disposable product that can hold up to 21 times its own weight in liquid! Simply wipe it over a wet surface and watch the water disappear. When saturated, the Original Shammy can be wrung out and used again.

Made of a soft, non-abrasive material, the Original Shammy will not scratch vehicle surfaces. It's perfect for washing and drying vehicle bodies, windshields, trim, and mirrors. The Original Shammy even works when polishing cars - it's that gentle.

Each case includes 120 assorted blue, orange, and yellow Original Shammy towels in individual wrapping. Rest assured that while the color may vary, the quality does not! Every Original Shammy performs exactly the same way and delivers remarkable water-capturing capabilities. FREE decals and overlays are available to advertise

this product on your vending machines, too! Suggested vend price is \$2.25 per Shammy. This low price point is attractive to customers, encouraging sales, while still bringing your car wash an additional \$1.56 in profit per case sold!
