CRYPTOPAY WIRELESS CREDIT CARD SYSTEM FOR LAUNDRY

CRYPTOPAY

- Reduces fees, secures your transactions, and simply stops fraud.
- The MyCryptoPay Online Program allows you to view recent purchases, configure your CryptoPay Swipers, and ensure your system is up and running remotely from your computer or mobile device.
- The CryptoPay Coordinator unit wirelessly and securely transmits to each of the CryptoPay Swipers. The Coordinator connects to the internet and authorizes and finalizes transactions, and is used to remotely re-configure the swipers. One coordinator is needed per wash location and supports many Swipers.
- The CryptoPay Wireless Swiper encrypts credit card data at the moment of credit card swipe and securely transmits the encrypted data. Encrypted data can only be decrypted by the Magensa Protected Payment Gateway. The Magensa Protected Payment Gateway is PCI-DSS certified and listed by MasterCard and Visa as a compliant service provider.
- Simple design makes it affordable and easy to install.
